

# Technical requirements

## Passe-Pieds: “Out of my skin”

- safety mat of minimum 3m x 2m x 30cm (depending on the height of the rig!!) → can be provided by Passe-Pieds
- a music system with cd player
- changing room and space to warm up
- attachment for duotrapeze:

- We don't let anybody else hang our trapeze up or down.
- Please tell us as soon as possible the height of the attachment point that we can bring the suitable material!

*If you have any questions or you have to change our requirements due to the theatre conditions, please contact us:*

# Stage plan

## Passé - Pieds: „Out of my skin“

The positioning depends on the stage. Here a few examples how it could be (view from top):

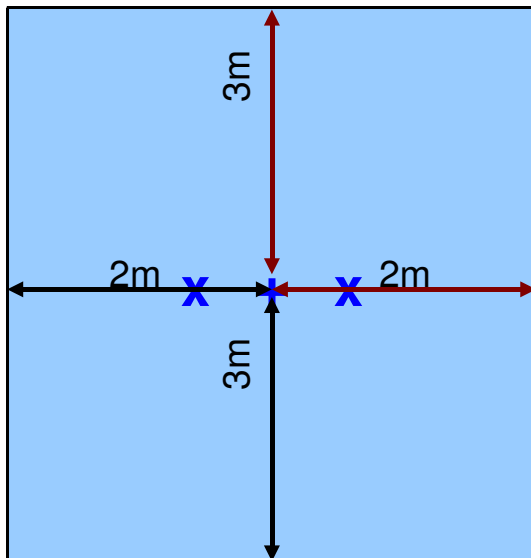

mat + trapeze

space for the dance part

Minimum space needed for trapeze part (view from top):

minimum space needed **4m x 6m**  
in this space there can't be any obstacle or step in the floor

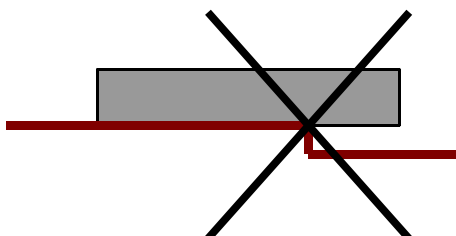

min. length from the middle of the attachment points to the side of the stage

attachement point

middle between the attachment points

**There can't be any steps in the minimum space needed!!!**

floor

safety mat
